

Stealth

Date: 2015

Location: Atlanta, GA

Advantage: Easy Application

Sinclair Construction Group
Marietta, GA
www.sinclaircg.com

Technical Specifications

Application: PreCast/Cast-in-Place

Fiber Reinforcement: FORTA-FERRO[®] 2-1/4"

Dosage: 5 lb/cu yd

Designed by Tristan al-Haddad, this **FORTA-FERRO** reinforced project gave Promenade Towers in Atlanta, GA, a unique and artistic focal point for their main entrance. Promenade Towers shares the same street as the Woodruff Arts Center, an artistic hub with rich history and an expansive community outreach.

Along with the FRCA 2015 Innovative Project of the Year award, Stealth won the ACI Georgia 1st Place award, the ASCC Decorative Concrete Council award under 5,000 sq. ft. and was nominated for the ACI National Award.

"The quality of FORTA-FERRO and how it finishes is second to none. I really think that's the best fiber on the market" - Jason Adams, President of Sinclair Construction Group
