

Memorial Drive

Date: 2022

Location: Kingsport, TN

Advantage: Pavement Life

Technical Specifications

Fiber Reinforcement: FORTA-FI[®]

Total Project Size: 425 Tons

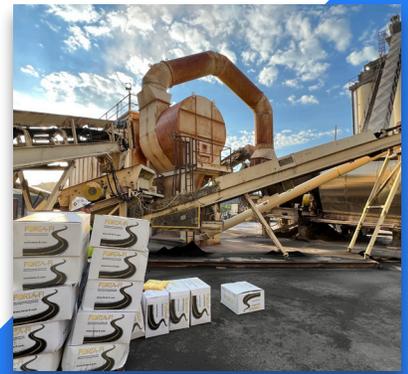

Asphalt Mix: Dense Grade HMA

Overlay Thickness: 1 1/2"

Fibers Specified: Replaced Fabric Mesh

Kingsport used a 411D asphalt in this mill & fill resurfacing project. Owners will see **increased pavement life** with **reduced rutting and cracking** due to the reinforcement capabilities of **FORTA-FI** asphalt fibers.
